Movies and games. : Movies : IMAX - Journey into Amazing Caves (2001) 720p BluRay x264-aAF

Author: **Necro** | 26 March 2010 |

IMAX - Journey into Amazing Caves (2001)
720p BluRay x264-aAF | 39Min | English | AVC1 1280x720 23fps | DTS 1536Kbps 48KHz | 2.2Gb
Director: Stephen Judson
Genre: Documentary

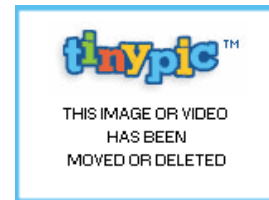

Journey into Amazing Caves is a visceral, suspenseful expedition with a new breed of scientists who boldly explore places once thought off-limits to human presence, let alone IMAX cameras. Join Dr. Hazel Barton and Nancy Aulenbach as they travel to unique and forbidding ice caves in Greenland, underwater caves in the Yucatan, terrestrial caves in the Grand Canyon and other spectacular locations. You will wriggle through tiny, twisting passages, swim through flooded underground vaults, drop into gleaming blue labyrinths of ice, and enter a world so extreme the microscopic creatures who live there are called extremophiles. For those compelled to push their limits in the world's most hostile environments, the risk of fatal danger and thrill of new discovery are the everyday factors that make cave exploration such an awe-inspiring experience. Narrated by Liam Neeson, with music by The Moody Blues.

Movies and games. : Games : Dark Horizon (PC/RIP)

Author: **Necro** | 26 March 2010 |

Dark Horizon (PC/RIP)
English | PC | Developer: Quazar Studio | 0.99GB
Genre: Simulator (Space)

Dark Horizon is a plot-rich experience; 22 challenging missions, laced with special features such as full ship customization, original weapon creation, joystick support, and several modes of combat.

Features

Fully customize your spaceship in great detail.

Create the ultimate space vessel by gathering resources and disassembling unused parts of your ship, using them to create weapons and improve your ship.

Fight in teams with other pilots through fierce battles, give orders and use tactics to take out your enemies.

Choose between two different modes that will change your fighter's performance according to your own demands: "Shadow" mode to stealth through enemy lines and "Cortez" mode that will level up the power of your weapons.

Explore 22 missions and extensive customization opportunities.

Movies and games. : Games : Transformers: The Game (2009/Repack/Portable)

Author: **Necro** | 26 March 2010 |

Transformers: The Game (2009/Repack/Portable) | 2 Gb

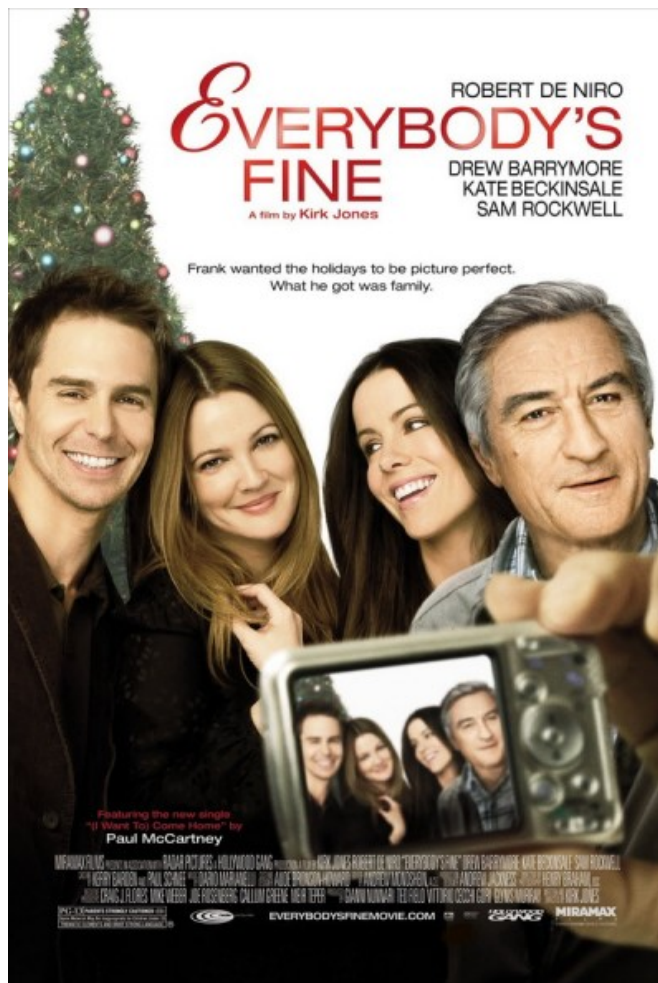

After years and years of waiting, Transformers fans finally have a big-budget, US-released action game starring the robots in disguise to call their very own. Titled simply Transformers, this new third-person shooter from Atari is based on the recent Transformers toys and cartoon series, which have subtitles like Armada and Energon, rather than the original toy line and television show from the early '80s that most 20-something gamers will be most familiar with. However, you'll still find plenty of (slightly modified) familiar faces in the game, like Optimus Prime, Starscream, and Megatron. More importantly, once you dig into Transformers' gameplay, you'll find a surprisingly intense combat model that's pretty tough but also rewarding once you get a handle on it.

The storyline in Transformers can be reduced to 'Autobots versus Decepticons' without much effort. You'll play as one of three autobots--everybody's favorite Optimus Prime; The Well-rounded Red Alert; and the quicker, weaker Hot Shot--and you'll fight your way through a linear progression of stages, blasting everything in sight. Both factions are scouring the earth in search of the mini-cons, a long-lost race of miniature transformers whom the big guys can equip to gain new weapons and other abilities. Each of the game's seven regular levels has several mini-cons scattered throughout, some that are harder to find than others, and you'll be able to revisit completed levels later to pick up mini-cons that you missed or couldn't access before.

Movies and games. : Movies : Everybody's Fine (2010) DVDRip

Frank Goode lives by himself in Elmira, NY, a recent widow with heart trouble, retired from a factory job, proud of having pushed his adult children toward success. In the summer, all four kids bail on a reunion, so, against doctor's orders, Frank decides to surprise each with a visit. He sets out to see his artist son in New York City, his daughter the ad exec in Chicago, his son the conductor on tour and presently in Denver, and his daughter who's a performer in Vegas. None are as he imagines or hopes

❖ **Movies and games.** : Games : Angle of Attack (2009/PC/ENG)

Author: **Necro** | 26 March 2010 |

Angle of Attack (2009/PC/ENG) | 167 Mb

Distant future. For many years, earthlings lead a bloody war with race Gamulan. In order to change the course of events in his side, the military council of the Earth GALCOM decides to focus on the lands of the enemy. The events that you see in the game occurred in the past few days during the mission "an attack on LV-115" - an important planet Gamulanami used for military purposes and as a staging area for attacks against the people of Earth.

Game features:

- Sixteen of intensive air and ground tactical missions in various weather conditions, day and night.
- 4 unique aircraft. Each vessel has unique properties and weapon systems for the destruction of the enemy.

Minimum system requirements:

- Operating system: Windows XP SP3/Vista SP1 / 7
- Processor: Pentium 4 3.0 GHz / Athlon XP 2800 +
- Memory: 1 GB (2 GB for Vista / 7)
- Video: 256 MB, GeForce 7900 / Radeon X1300, Shader 3.0, DirectX 9.0c
- Sound card: compatible with DirectX 9.0c
- Free disk space: 510 MB
- Size: 167 MB

Year: 2009

Genre: Arcade / 3D
